

Getting Started

1. To start simply **"Rebuild Solution"**:

After clicking by **"Rebuild Solution"** the newest version of **SautinSoft.Document.dll** will be automatically installed from Nuget.

Well done!

Any additional info about installing Document .Net can be found here:

<https://www.sautinsoft.com/products/document/help/net/getting-started/using-nuget.php>

Best wishes,
SautinSoft Team
